

**The Prophet Said to
Plant a Garden
(CSB, page 237)**

(1) The prophet said to
plant a garden,
so that's what we'll do.

For God has given
rich brown soil, the
rain and sunshine too.

And if we plant
the seeds just right and
tend them carefully,
Before we know,
good things will grow
to feed our family.

(2) We'll plant the seeds
to fill our needs, then
plant a few to spare,
And show we love
our neighbors with the
harvest that we share.

Oh, won't you plant
a garden, too, and
share the many joys
A garden brings in
health and love to
happy girls and boys.
